

The Group Discounted Home & Auto Insurance program provides insurance for Your:

Clark Associates
Insurance

True financial freedom begins with making sure your assets are protected.

- **Home** and its contents as well as injuries you may be held liable for on or off your premises. What about Identity Theft?

Can you rebuild your home with your current coverage?

- **Auto** from property damage as well as bodily injury or death you may cause to others.

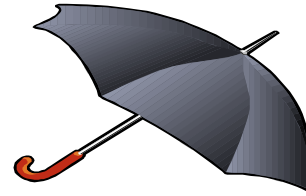

How much will it cost to replace your car? What about someone else's car and injuries?

- **Liability** in the event you are held liable for injuries or the death of others.

Maine's Wrongful Death Statute is \$500,000. This could be just the beginning of your liability.

- **Condominium or Apartment** to include your contents as well as liability.

Are you responsible for the sheetrock in your condo? What about Loss assessment coverage?

- **Recreational Vehicles** such as a snowmobile, RV, ATV, boat or motorcycle.

You work hard for the extras in life, don't jeopardize them because they were not properly insured.

You work hard every day to **obtain** your assets; how will you **retain** them?
